The future of caravanning has arrived

## Introducing Knaus by Avan

# Knaus by Avan.. the future of caravanning has arrived.

Knaus, one of Europe's largest caravan and recreational vehicle manufacturers have teamed with Avan to launch a series of caravans and motorhomes specifically designed and built for the Australian market.

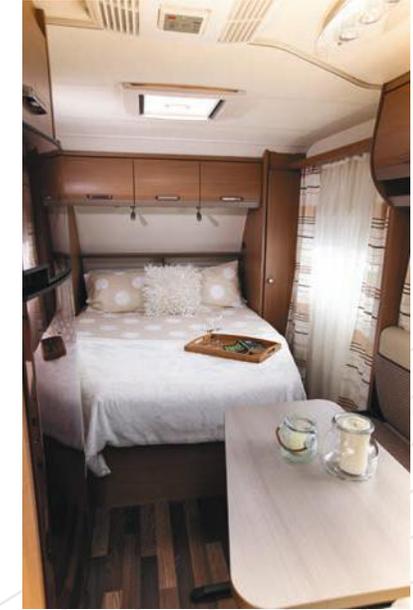

The Partnership will deliver the best in European design with the superior finishing quality Avan's are renowned for. The extensive range and internal / external design features will be a breath of fresh air for the Australian market. Holidaymakers will be able to enjoy European luxury with the peace of mind the vans have been built and backed by one of Australia's largest manufacturers to meet the harsh Australian climate.

Knaus by Avan are proud to introduce the following range of light weight, feature packed, contemporary recreational vehicles that will shape the future of RV design in the market.

Knaus and Avan, now delivering the future of caravanning in the Australian market.

# Sport 460xb

Enjoy family time again and again.

The Sport 460xb guarantees great caravanning fun with value incorporated in every feature. It's perfect for young families and couples, with a spacious dining lounge and combination shower and toilet. Exceptionally light weight, its easy to tow and great for fuel economy. The solid aluminium sandwich panel walls provide robust durability whilst insulating the caravan. The interior design flows harmoniously with matched colouring and structured surfaces. The seat box cover is integrated seamlessly into the upholstery providing that welcome additional storage.
